What is the thirstiest frog in the world?

Answer at the end of this newsletter.

It seems there were two frogs sitting on a lily pad, when all of a sudden, a fly came along. One frog put out his tongue, ate the fly, and started laughing hysterically. Soon the other frog joined in the laughter.

Later in the day, the other frog ate a fly and the two frogs burst out in laughter. As time went on, the frogs enjoyed the flies so much that the sight of a fly would cause them to double up with pleasure (if it's possible for frogs to double up!). But of course, the most pleasure came when the fly was actually eaten.

A third frog hopped up to the first two and asked what was so funny. The first frog answered "Time." "What?" asked the third frog. The second frog explained:

"Time's fun when you're having flies."

A computer programmer happens across a frog in the road. The frog pipes up, "I'm really a beautiful princess and if you kiss me, I'll hang out with you for a week". The programmer shrugs his shoulders and puts the frog in his pocket. A few minutes later, the frog says "OK, OK, if you kiss me, I'll be your girlfriend for a week". The programmer nods and puts the frog back in his pocket.

A few minutes later, "Turn me back into a princess and I'll be your girlfriend for a whole year!". The programmer smiles and walks on.

Finally, the frog says, "What's wrong with you? I've promised lots of fun with a beautiful princess for a whole year and you won't even kiss a frog?"

"I'm a programmer," he replies. "I don't have time for girls.... But a talking frog is pretty neat."
